

Building the Future in Faith

AT THE FOUNDATION FOR THE DIOCESE OF HELENA

The Foundation solicits, receives and invests endowed funds to benefit the Diocese of Helena and the parishes and institutions it serves.

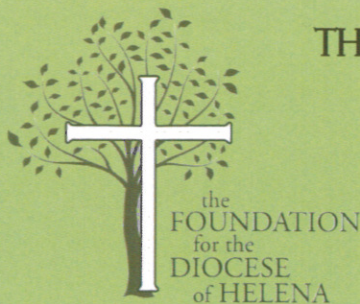

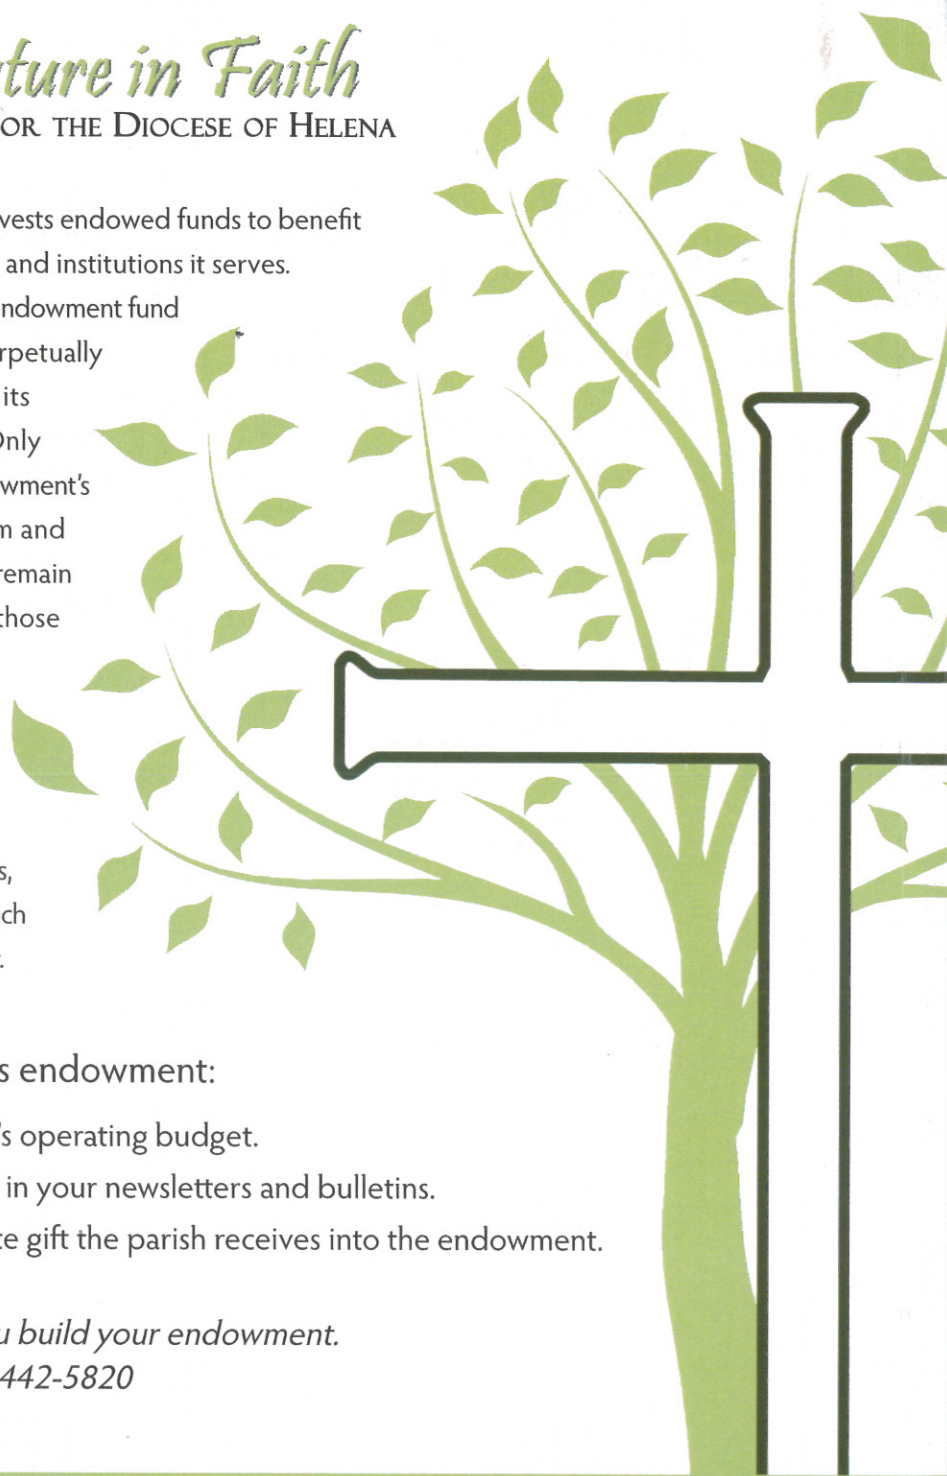

Gifts to the Foundation are placed in an endowment fund of the donor's choice. This fund will perpetually serve the Church in this diocese and its mission through the years to come. Only the income from investments of the endowment's principal will be used to meet program and ministry needs – the principal itself will remain intact and stand in lasting memory to those whose sacrifice contributed to the endowment funds.

Each parish has its own endowment, which can provide a dependable source of funds to underwrite parish programs, operation expenses and ministries for which a parish can faithfully budget each year.

Ways to increase your parish's endowment:

- Make it a line item in your parish's operating budget.
- Promote gifts to the endowment in your newsletters and bulletins.
- Place a percentage of every estate gift the parish receives into the endowment.

*The Foundation wants to help you build your endowment.
