UPDATE...

ORGAN INSTALLATION PROJECT CONTINUES...

Construction of the small addition west of the main entrance to our building is nearing completion.

This will provide the needed space for the organ pipes to the west of the window.

Once construction is completed the actual installation of the organ will begin, hopefully before Easter, depending on when our organ builder, Rollie Rutz, can schedule the time needed (other projects in which he is involved have been delayed due to weather).

Our architects are Paradigm Architectural firm, Missoula. Contractor for the construction is JEREMIAH WENDELL, SUMMIT BUILDERS GROUP, Missoula.
